Coolbinia Amateur Football Club Golden Boot Award

Golden Boot Criteria

To be eligible to qualify for the Coolbinia AFC Golden Boot award in any one season a player must kick a minimum of thirty (30) goals in a season. Should no player kick the minimum number of goals required to be eligible in the season then the award will not be presented for that season.

Further to the above, weightings are added to goals scored in respective grades to signify the relative importance of goals scored in higher grades, rather than potentially highlighting outstanding performances in a lower grade. As a result, a player will be awarded a point's score at the end of the season for the goals kicked in the various grades they may have played rather than an overall total goals rating.

As such, the weightings are as follows:

League:	x2	(2 points per goal)
Reserves:	x1.5	(1.5 points per goal)
Colts:	x1.5	(1.5 points per goal)
Thirds:	x1	(1 point per goal)
Any Other Grade:	To be determined from time to time by CWP Committee	

The Golden Boot Award will be determined at the end of the Home & Away Season by the Football Operations Manager/Appointed Coaches, in conjunction with the Coolbinia AFC Executive Committee, and the award will be presented formally at the Coolbinia AFC Annual Awards Night.

If multiple players within the Club kick in excess of thirty (30) goals, then the player with the highest accumulation of points will be deemed to be the winner.

The Winning player will receive a trophy or medallions as decided by the Coolbinia AFC Committee, and have their name added to the corresponding Perpetual Trophy.

The Coolbinia AFC Executive Committee may see fit to adjust this policy at time to time and award the Coolbinia AFC Golden Boot Award at their sole discretion.

Coolbinia AFC Executive Committee
